

INDEX

A

	PAGE
Adenoids (fibro).....	287
Antwerp blue.....	122
Asthma.....	278
Atmosphere.....	1
Aura, abnormal shape of.....	205
alterations of.....	148, 224, 249
arrangements for seeing.....	8
average of.....	59
colour of.....	137, 228
colour of, changed by will-power.....	314
constitutional causes of.....	149
cylinder of.....	141
effect of complementary colours on.....	115
epileptic.....	161, 282
forces of acting at right angles on.....	140
gap (conical) in.....	142
granules in.....	221
hereditary size of.....	157
highly attenuated.....	132
hysterical.....	152, 262, 282
in adolescence.....	20, 60
in adults.....	14
in childhood.....	14
in disease.....	147
in girls.....	15
in hemiplegia.....	271
in males.....	14

	PAGE
Aura, in males, coarser.....	64
in woman	15
in woman, finer.....	64
instructions how to find.....	8
limitations of, as diagnostic agent.....	279
modifications of.....	191, 226
narrow	59
of phlegmatic children.....	63
of quick and intelligent children.....	63
partial enlargement of.....	216
position of patient.....	11
rectangular when tint is altered.....	253
shape of.....	13
size of.....	13
sources of.....	147, 279, 282
spatulate	281
structure of	66
texture of.....	64
theory of.....	92
transitional.....	19
unequal on two sides.....	187
unsymmetrical.....	187
vibrations of	91
wide.....	59
Auric force	101
force influenced by will.....	101
potential.....	106
rays, generated by body	104
Auto-luminous substance.....	106

B

Backgrounds, black	10
white.....	10
Blue, Antwerp.....	122
blind.....	119
Prussian.....	122
Bronchitis.....	278

C

	PAGE
Calcium, sulphide of.....	106
Carmine.....	122
C. C. Bands.....	126
alteration of colour in.....	131
separation between the two shades of.....	145
theoretical agencies in.....	133
Chest, diseases of.....	275
Clairvoyants.....	1, 91
Cloud, magnetic.....	94
Coal, red hot.....	74
Colour blindness, temporary.....	118
Colours, complementary.....	120, 231
complementary, alteration of, over the body.....	145, 234, 238
complementary, alteration of, in sexual functions.....	234
complementary, in examination of spine.....	237
complementary, vertically employed.....	233
examination of.....	71
primary.....	120
primary, personal.....	116
Cones.....	109
Congenital effect through heredity.....	65

D

Dicyanin.....	5
Dreamy attacks.....	160

E

Education a factor.....	65
Electricity.....	93
Emerald green.....	122
Emphysema.....	278
Epilepsy.....	158, 223
Etheric double.....	21, 66
transparent.....	75
Examination of patient with complementary colours, 123, 231, 237	
Experiments 1, 2, 3, 4.....	69

	PAGE
Experiments 5, 6, 7	70
Eyes, abnormally sensitive to colour.....	119
Eyesight, abnormal	2

F

Fibro-adenoids	287
Force, auric, No. 1.....	101
No. 2	101
Functional derangement.....	254

G

Galvanic haze.....	98
Gamboge.....	122
Gastritis, chronic.....	254
Girls, hysterical.....	152
Globus hystericus	150
Granules	69
Green, Emerald.....	122

H

Halo	1
Haze.....	1
Hemiplegia	271
Heredity	65
Herpes zoster.....	195, 201, 287
Hip joint.....	197
Hyoscyamine sulphate.....	168
Hypothetical remarks	112
Hysteria	152, 262

I

Inner Aura.....	21, 66, 77
distinct from Outer Aura.....	84
encroaching on Outer Aura.....	81
stationary.....	64
Inspection, systematic.....	12

INDEX

327

K

	PAGE
Kernig's sign	177
Kidneys	290

L

Light, absorption of	72
Luminous cloud of electrified body	97

M

Magnetic cloud	94
Magnetism	93, 106
Males, characteristics of Aura in	14
Mist	1
Mono-chromatic	119

N

Nerves, colour-sensitive	116
Nervous system, influence of, on Aura	279, 284
N-rays	4
Neuralgia	284
Nimbus	1

O

Origin of the two Aurae from different sources	199
Outer Aura	21, 66, 78
distinct from Inner Aura	84
nebulous	100
variable	63

P

Patches of colour of various sizes	145
P. C. bands	126
Petit mal	175
Pneumonia	278
Pregnancy, Aura during	291

	PAGE
Pregnancy, changes of Aura during.....	298
dead child diagnosed in.....	303
signs of early.....	296
Prussian blue.....	122
Purple, visual.....	110
Pyrosis.....	249

R

Radio-activity.....	93
Rays, emitted from hand of one person to hand of another person.....	87
in Aura.....	83
N.....	4
origin of.....	90
proceeding from body.....	83
projected from body.....	83
tinged with colours.....	89
Research, physical.....	2
Rhodopsin.....	109
Rods.....	109
Rudimentary structure of Inner Aura.....	100

S

Sciatica.....	286
Screen.....	4
blue.....	67
blue, pale.....	78
carmine (dark).....	10, 77
carmine (light).....	78
coloured, use of.....	71
cumulative effect of.....	111
dicyanin (dark).....	11
red.....	67
spectauranine.....	106
Sensitives.....	107
Sight, most developed sense.....	108
of clairvoyants.....	108

	PAGE
Spectauranine	5
composition of	5
enables the Aura to be seen.....	106
Spectrum, colours of, not the same effect by gaslight.....	114
solar	107
Standard, required.....	59
Stomach, ulcer of.....	257
Striation.....	69
Stroma.....	75
Structure of Aura.....	66

T

Temperament	62
Tumours	287

U

Ultra Outer Aura	82
Uranium nitrate.....	98

V

Vision, subjective.....	3
-------------------------	---

W

Will-power.....	101, 105, 125, 279, 307, 311
-----------------	------------------------------

Y

Yellow blind	119
--------------------	-----

Z

Zapon.....	6
------------	---
